FOR IMMEDIATE RELEASE

MDSupplies Announces the Manufacturer-Direct Relationship with Drive Medical, A Fast Growing Global Manufacturer of Durable Medical Equipment

Summary

Using proprietary DirectConnect technology from MDSupplies, customers can now purchase the complete line of Drive Medical durable medical equipment and products and have them shipped directly from the manufacturer to their doorstep.

FORT LAUDERDALE, Florida (February 12, 2016) — MDSupplies and Service (MDSupplies), which offers medical supplies and medical equipment through an Amazon-type marketplace, has established a manufacturer-direct relationship with Drive Medical Design and Manufacturing (Drive Medical), one of the fastest growing global manufacturers of durable medical equipment and products in the world.

The MDSupplies proprietary DirectConnect system is an online ordering portal serving as a single source for buying supplies from multiple manufacturers and vendors, all through a single order. The technology also allows customers and clients to track shipments and analyze historical purchasing data, whether at a single site or across hundreds of locations. Customers looking to purchase the Drive Medical line of products through the MDSupplies DirectConnect system have no software to download, no account applications to complete, no minimum orders to meet, and no contracts to sign. They just need to visit the MDSupplies website, find the products they are seeking and checkout similar to a traditional ecommerce store.

Drive Medical markets and distributes its products to customers located throughout North America, Europe, Central America, South America, the Middle East and Asia. Their mission is to manufacture and market world class products which focus on innovation, functionality and value to improve the quality of life and to promote independence for the individuals that use their products. Drive Medical manufactures a complete line of durable medical equipment including mobility products, beds,

bariatric products, wheelchairs, sleep surfaces and pressure prevention products, respiratory equipment, self-assist products, power wheelchairs, power scooters, rehabilitation products, pediatric products, patient room equipment, personal care products and electrotherapy devices. Customers can now choose from around 1000 Drive Medical products in the MDSupplies manufacturer-direct medical supply store.

About MDSupplies and Service

MDSupplies and Service is a multi-vendor medical supply store specializing in connecting customers directly to major manufacturers and vendors for medical supplies and medical equipment. It is their goal to offer the best industry prices possible by eliminating traditional dealer, distributor, and sales people expenses. Clients can purchase from over 30,000 products, 50 different vendors, and 300 brands in one single transaction, allowing them maximum flexibility and efficiency. With a direct affiliation to industry-leading companies, MDSupplies brings more than 30 years of combined medical industry experience.
