MDSupplies Launches MDCares Charity Program

A Multi-Vendor Medical Supply Store and Medical Equipment Marketplace

Summary

MDSupplies is pleased to announce they have launched the new MDCares Charity Program. This program is designed to provide organizations with a cash donation based on the purchases made through their dedicated link.

FORT LAUDERDALE, FLORIDA (July 11, 2016) — MDSupplies is pleased to announce they have launched the new MDCares Charity Program. This program is designed to provide organizations with a cash donation based on the purchases made through their dedicated link.

The process is simple for organizations that wish to raise funds in this manner. MDSupplies, a medical supply store, will provide the organization with a banner to be placed on the website, advertising MDSupplies. This banner will be attached to a customized link just for that particular organization. When visitors to the organization's website click on the banner ad, any purchases they make on MDSupplies will count toward the cash donated toward that particular organization. There is no increase in the price individuals who buy through the link will pay. Two percent of all sales will be donated back to the organization from which the referral came. Once individuals visit MDSupplies through the dedicated link, that customer will be tied to this organization for life. Any additional orders placed by the same individual will give back to the original organization.

MDSupplies is a manufacturer-direct company that offers a vast array of products from a number of vendors, allowing companies and individuals to shop conveniently from one location. While a majority of the products they offer are medical supplies, they also carry items for infants and children, office supplies and room furnishings. All products they offer are shipped directly from the manufacturer.

Anyone interested in learning about the MDCares program can find out more by visiting the MDSupplies website or by calling 1-800-637-2080.

About MDSupplies and Service

MDSupplies is a medical supply store that offers a vast array of products, from medical supplies to office supplies to furnishings. They have put together their catalog from a number of vendors, giving their customers access to everything they need in one location. With their new MDCares charity program, they are giving back.
